Councilman Baker made a motion to authorize payment of the abstract in the amount of \$117,069.47. Motion seconded by Councilman Corcoran.

Yeas: 5 Nays: 0 Carried

ITEM #6 Comments on the agenda

Ralph Walters asked if the sewer main that Resolution #62 refers to is a full blown sewer main and where it will go.

Supervisor Lanzetta explained that it is too expensive to install a full blown sewer main; it will service DJ Heating & Air Conditioning and the Chestnut Petroleum project. Mark Reynolds asked if spot zoning is an issue with Brooklyn Bottling. Supervisor Lanzetta explained that the parcel is going to be zoned C-1 which is touching a C-1 zone so it is not spot zoning.

ITEM #7 Presentations

A). County Executive Pat Ryan

Pat Ryan, Ulster County Executive, thanked the Board for the opportunity to come to the meeting. Mr. Ryan stated that he has been the County Executive for four weeks and loves it. His goal is to get to each of the 24 towns in the county to hear their concerns and do his best to answer any questions. Mr. Ryan would like to deliver a way to get a transparent process in place to fairly respond to the demands across the county. He is also reorganizing how the county operates.

Some of the Town Board members expressed their concerns about the Town such as, the need for a sidewalk on Milton Turnpike extending from Main Street in the Milton Hamlet to Stewarts, repaving Dock Road in Milton, flooding on Route 9W and Milton Turnpike, and the need for a Welcome to Ulster County sign at the south end of town.

There was also a discussion regarding the past proposal and feasibility of having a satellite location for Ulster County Community College in Milton.

There was a brief discussion with regard to Ulster County Sheriff presence in our area.

Some of the Town Board members and Mr. Ryan discussed the Ulster County Resource Recovery Agency and also how they would like a more sustainable system for waste.

Supervisor Lanzetta thanked Mr. Ryan for authorizing funding for construction of the new Public Safety Training Center. There was a discussion about the challenges with recruitment and volunteerism; Mr. Ryan would like to look at ways to increase interest in volunteer firefighting. James Garofalo suggested looking at the way the Transportation Improvement Program works and using that model for other items; see where the needs are, get public input and see where the funding is going.

Ralph Walters stated that he is thankful for the Mobile DMV bus and hopes the county keeps it in the budget to keep it going.

Supervisor Lanzetta stated that he and the Board thank Mr. Ryan for coming to the meeting and they hope to continue the conversation about the concerns that the town has.

Meeting with Milton Landing Committee

Attended Planning Board meetings²

Met with accountants to review audit for 2018

Meeting with Engineer Phil Bell to fill out preliminary form for Member Item for TOMVAC building

Respectfully, Al Lanzetta

Councilman Baker added that the town should hear back this month regarding the historical survey grant.

Councilman Corcoran added that they are hoping to come to an agreement with the Police Department contract negotiations so they don't have to go to arbitration.

Councilman Koenig and Supervisor Lanzetta added that there was an open discussion with Brooklyn Bottling regarding the property issues and how they can be fixed. A Memorandum of Understanding (MOU) was drawn up and given to the town attorney for review.

Bob Troncillito, South Road resident and neighbor of the construction at Brooklyn Bottling stated that he met with them (Brooklyn Bottling) to discuss issues that he has. He is relying on the Town Board, Planning Board, and Enforcement Officer to hold them to the MOU.

Supervisor Lanzetta added that the meeting with the state DOT revealed that they are earmarking about 6 million dollars to repave Route 9W from the Orange County line to Rite Aid in Highland in 2020. The state currently does not have any intention of doing anything that is in the Route 9W Corridor Study but the Town is going to keep asking for help from officials and talking to the DOT.

G) WASTEWATER TREATMENT FACILITY- ANTHONY FALCO

Water Quality Management, Inc.
P.O. Box 733
Marlboro, NY 12542

July 3, 2019

Report on The Marlboro Wastewater Treatment Plant for June 2019.
The average flow meter readings to the plant was 120,000 gallons per day. The design capacity is 175,000 gallons per day. We used 69% of capacity.

The process is meeting all other SPDES requirements.
Lab results show that we removed 97% of BOD and 91% of Suspended Solids during the month.

Milton Wastewater Treatment Plant:
The Average flow to the Milton plant during June 2019 was 27,000 gallons per day. This is about 50% of design capacity (55,000 gallons per day).

We showed 98% of BOD and 95% of TSS removal.
The process is working well meeting SPDES requirements.

Daniel Brooks is currently assisting us in the process of obtaining two basic computer systems, one for each of the treatment plants. They will be extremely helpful for record keeping and contact with the DEC.

Overall both wastewater treatment plants are in good working order but getting older. If you need any additional information, please do not hesitate to contact me.
